

## Compensatory Mitigation Practices in the U.S. Army Corps of Engineers U.S. Army Corps of Engineers Working Paper, March 2006

### Status:

In Progress

### IWR Contact:

Robert Brumbaugh ([Robert.W.Brumbaugh@usace.army.mil](mailto:Robert.W.Brumbaugh@usace.army.mil))

---

### Purpose:

This paper reports on the current practice and status of compensatory mitigation authorized by the Corps of Engineers regulatory program.

---

### Objective:

There is no existing comprehensive accounting or description of practices. This paper is intended to make available more recent data on compensatory mitigation practices authorized by the Corps of Engineers under permits issued under the auspices of Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act.

---

### Benefits:

This paper summarizes much of the data collected in a Corps of Engineers Institute for Water Resources (IWR) survey, hereafter referred to as the 2005 Corps Survey of District Mitigation Practices.
